Logistics Solutions

Today's competitive and dynamic global market emphasizes the importance of an effective supply chain. Companies are taking a more meticulous approach to their Supply Chain Management and looking to optimize their inventory control and working capital. VSA, fully understands the importance of our customers place on effective Logistics Management.

Our team of experienced professionals work diligently to produce tailored, customized solutions to increase reliability, competitive advantage and, hence, the bottom line for our customers. Our solutions are individually designed utilizing our comprehensive freight forwarding, supply chain, transportation, warehousing, distribution and customs brokerage services.

Clearing & Forwarding

Every country has different duty rates, customs clearance and entry processes. We provide with the coverage you need, reliable and consistent service. We're ahead of the curve on the latest customs programs – such as remote filing services and entry reconciliation – helping you to keep your business on the leading edge.

In fact, we continuously work to impact trade policy through active participation in international and domestic industry committees along with associations. Our comprehensive freight services provide coverage globally in air and seaport locations.

Customs Brokerage

We offer a broad range of services to ensure uniform, consistent & supporting your company in avoiding delays, fines and penalties.

VSA provides expert and competitive Customs Brokerage services for any type of commodity and our online system helps us link with the UAE Customs Authorities to ensures high speed processing of all shipments. Our highly trained and experienced staff uses the most up to date technology to ensure full compliance with all customs requirements.

Duty rates, customs clearance, and entry processes differ from country to country. Tariff classifications, value declaration and duty management can create confusion and increase costs. Customs and security initiatives have imposed new regulations on companies that make it more challenging than ever to trade internationally.

Warehousing Storage

We offer warehousing facilities to our customers for their Import / Export Shipments. Although providing shared resources and centralized warehousing, we enable you to reduce your capital investment, allowing a flexible response to market demands.

Our state of the art warehousing facility with both opened & covered area, provides sophisticated warehousing. Further drawing from their huge fleet of half lorries and trucks be it dry or temperature controlled, we also provides distribution services ex-warehouse to all parts of UAE and other GCC countries.

We record all events and activities in the receipt handling & storage of products and orders in the warehouse.

Land Transportation

VSA Shipping LLC has a flexible, reliable & efficient land transportation. VSA, is positioned to provide high frequency truck movements. Utilizing a variety of trucks and trailers, we can provide ground service for humanitarian, commercial shipments.

We can also will combine ground service with air or ocean to deliver customized logistics solutions. With our network of trucking companies, we can deliver any kind of cargo anywhere in the region. All types of overland trailers can be supplied for transportation throughout the country, including our own fleet of heavy duty trailers.
